

A Head Start 2025-26 Bachelor Industrial Productdesign

Are you interested in starting the Bachelor of Industrial Product Design? Through the project "A Head Start," you can get a taste of this program by taking the course unit from this programme.

Before starting, you will participate in an online information session where all practical information and the use of our digital learning platform will be explained. This information session will take place on Wednesday, September 10, 2025, from 1:30 PM to 3:00 PM for students taking a course unit in the first semester and on Wednesday, February 4, 2026, from 1:30 PM to 3:00 PM for students starting in the second semester.

Would you like more information about the content of the course unit? Then contact the programme coordinator of the program, Becky Verthé, via ipo@howest.be

If you would like to register for one of the course units below, please contact florence.sohowest@howest.be
